PENSION PAYMENTS.

What Has Been Accomplished the Past Year.

COMMISSIONER RAUM TALKS.

The Work of Adjudicating Claims Will Go Steadily on, as All the Agents are Provided with the Necessary Funds. Other Dispatches from Washington.

WASHINGTON, Aug. 14.—Commissioner Raum, of the pension bureau, in an interview with a United Press reporter, emphatically denied the published statements that no original pension certificates had been issued during the month of July and the eleven working days of the present month, and he submitted figures showing what the pension office was accomplishing.

The work for the fiscal year just ended shows that there were 144,597 more certificates issued than for the fiscal year ending June 30, 1888. During the past month 2,852 original certificates were issued under old laws, while 23,494 original certificates were issued under the act of June 27, 1890. The issue of original certificates in July 1888, was 3,444.

The commissioner said: "There is no understanding or agreement between Secretary Foster and myself that no more certificates shall be presented for payment until after Sept. 1. Upon the contrary, all the agents are provided with funds to make daily payments of all pension certificates entitled to payment during the month of August. The work of adjudicating pension claims will go steadily forward. It is my expectation that the office will issue 120,000 certificates from Aug. 1 to Dec. 1, or 148,000 for the first five months of the present fiscal year."

MR. AND MRS. CHASKA.

Notwithstanding Reports They Are Living Together Happily.

WASHINGTON, Aug. 14.—A letter has been received in this city from Cora Belle Fellows, who gained some notoriety three years ago by marrying the Indian Chaska, and who was recently exploited as about to obtain a divorce from him on the ground of cruelty. It seems that Mrs. Chaska (or Mrs. Sam Carpenter) is not going to obtain a divorce, but claims to be very happy with her red husband and their two children. Carpenter (this is Chaska's Christian name) has taken up recently some public land, which he proposes to improve, and his wife says he is much less of a "wild Indian" than the public thinks he is. Washington is getting rather tired of Mrs. Carpenter. She gained a deal of notoriety by her marriage and her subsequent exhibition of herself and her husband in dime museums for several weeks.

Not Known in Washington Society.

What aggravates Washington people is the statement which always accompanies any story about her which describes her as a "well known Washington belle" or "a great favorite in exclusive Washington society." The fact is that while Mrs. Carpenter's people are perfectly respectable, she has absolutely no standing in what is known as Washington society. She is as completely a stranger to it as though she had never been east of her present home in South Dakota. Of course the stories about her lose a great deal of their interest when it is known she is a very commonplace young woman whose grammar and hand writing are both extremely bad and that her father is an obscure department clerk. But these are the unromantic facts in the case.

WASHINGTON CORRESPONDENTS

To Be Given a Tour of the Great Lakes by Colonel Hinman.

WASHINGTON, Aug. 14.—Many of the Washington correspondents have accepted the invitation of Colonel W. F. Hinman, of the Cleveland Leader, to make a tour of the great lakes this summer. The invitation comes through Colonel Hinman from the company owning the line of vessels which carry the ore product from the mines of Michigan. This company is anxious to have members of congress and the Washington correspondents of the representative papers better informed about the traffic of the Saint Marie canal, because congress will be asked to make a liberal appropriation for the enlargement of the canal in the interest of the commerce of the northwest. The boats of this company are not built for the passenger trade, but each of them will carry eight or nine passengers comfortably.

Several members of congress have accepted the invitation and taken this trip. Among them was Representative Blanchard, of Louisiana, who will doubtless be the chairman of the river and harbor committee in the next house. Mr. Blanchard expressed surprise at the great development of the traffic by this route, and has said he was delighted to have taken the trip. The members of congress and the correspondents become the guests of the transportation company as soon as they reach Cleveland, where they are entertained at the Forest City house, if there is any delay in getting transportation. But as the boats start almost every day there is seldom any delay. The lake trip takes about nine days.

Mrs. Polk Dangerously Ill.

NASHVILLE, Aug. 14.—Mrs. Sarah Polk, widow of President James K. Polk, was taken suddenly ill Wednesday night and is now in a serious condition, and her physicians do not expect her to live more than a few hours longer.

Destroyed by Fire.

NEWARK, N. J., Aug. 14.—Alexander Neybaum's extensive abattoir, situated in Vailsburg, near this city, was burned this morning. Loss, \$50,000; insurance partial.

EXPERT CRACKSMEN.

The Burglars Who Made the Big Haul at Kinsman, O.

YOUNGSTOWN, Aug. 14.—Detectives engaged in investigating the robbery of the First National bank at Kinsman last Sunday night, have ascertained that the job was worked by five experts in bank raids, under the leadership of Pat Cane-shaw, a noted crook and safe burglar. The party were not driven into Kinsman, but walked in on the railroad after nightfall, and prosecuted the work after the town had gone to sleep.

No trace has been found of any rig leaving the town that night, and as the silverware stolen would fill a large trunk, it is believed it was carried by hand a short distance and planted. The burglars intending to resurrect it after the excitement quiets down. It is known that some one thoroughly acquainted with the construction of the bank assisted in the raid, and several persons are under surveillance. Colonel Yeoman, whose silver plate was stolen, now places his loss at \$6,500, all of it being of costly design and expensive workmanship. The burglars were traced to Buffalo, where they separated and are now under cover.

DOUBLE SUICIDE.

A Young Married Couple Found Dead in Bed.

DENVER, Aug. 14.—Yesterday morning at 10 o'clock, Eugene H. Bonnick and his young wife were found dead in bed at their residence, 911 Santa Fe avenue. They had taken morphine in large quantities. The following note was found:

Please bury us side by side. Don't separate us. GRACE AND EUGENE.

Bonnick was a member of the firm of Bonnick & Company, tinners, 1812 Arapahoe street, and was considered a young man of more than ordinary business qualifications. It is said that family troubles were the cause of the double suicide.

Settled Up.

CHICAGO, Aug. 14.—Ed Partridge, the plunger, settled his affairs with the board of trade yesterday and his enormous loss, amounting to nearly \$1,000,000, if not more, is now a thing of the past. His check for more than \$100,000—the largest that has passed the clearing house for many a day—was handed in before 10 o'clock. It is quite possible that with the speculation's settlement the board of trade has seen the last of him, but he does not authorize this statement. He simply doesn't know whether he will ever trade again or not.

To Test the Eight-Hour Law.

INDIANAPOLIS, Aug. 11.—The law making eight hours a legal day's work is about to be tested against the state itself. Joseph Young, a baker employed at the institution for the blind, yesterday brought suit against the state for pay for 3,726 hours of overwork. He says that he has been compelled to work twelve hours per day, whereas eight hours is a legal work day, and he sues for the excess which he has been compelled to work at corresponding wages.

Three More Victims.

COLD SPRING HARBOR, L. I., Aug. 14.—The Brooklyn police reported to the authorities here last night that, besides the thirteen persons who were killed in the accident to Hayser's excursion party Wednesday and accounted for, three others were missing. They were probably thrown into the sound and drowned. This brings the total list of dead up to sixteen. The names of those reported missing were not given by the Brooklyn police.

America May Control the Market.

BERLIN, Aug. 14.—Rye has risen eight shillings in Amsterdam, and both here and there it is dearer than wheat. If bad weather comes America will control the market. Alarm is already felt in Europe, owing to a report that the American farmers are mortgaging their crops in order to hold wheat back. Should Europe be favored with fine weather it would greatly change the situation and the prospects of wheat operators.

Valuable Horse Killed in a Wreck.

COLUMBUS, O., Aug. 14.—A disastrous freight wreck occurred yesterday on the Cincinnati division of the Panhandle, just west of the city. The train broke in two and ran together again, piling up eighteen cars. John Holland, a horse trainer, was seriously injured, and a horse valued at \$1,500, and owned in Steubenville, was killed. Cars loaded with low class merchandise and loss estimated at \$10,000.

Senator Squire May Go to China.

OLYMPIA, Wash., Aug. 14.—Word has been received here by private letter from Washington that Senator Squire has been seriously considering the acceptance of the Chinese mission, which has been tendered to him by President Harrison. If the Republicans do not object he will probably accept, and resign his seat in the senate.

Missing Fishermen.

WEST BAY CITY, Mich., Aug. 14.—Early Sunday morning William Campbell, J. Pero and a young man from Saginaw, left this city in a small sail boat on a fishing excursion. They were expected home on Tuesday, but nothing has yet been heard of them, and their friends are becoming anxious for their safety.

Murderess Locked Up.

AYER, Mass., Aug. 14.—Mrs. Fred Peabody, who attempted to commit suicide Wednesday after having murdered her four-year-old boy, was yesterday committed to prison to await the action of the grand jury.

Thrashing Machine Boiler Explodes.

HIAWATHA, Kan., Aug. 14.—A thrashing machine engine on the farm of M. D. Hammond exploded yesterday, killing the engineer, Charles McCartney, and badly injuring W. W. Loofboro and two others.

DAYLIGHT ROBBERY.

Bank Official Chloroformed and Robbed.

A SENSATION AT MEMPHIS.

R. Dudley Frayser Compelled to Sign a Check at the Point of a Revolver for Five Hundred Dollars, but It Was Not Cashied at His Bank—His Watch and Private Money Gone.

MEMPHIS, Aug. 14.—R. Dudley Frayser, president of the Security and the Memphis City banks, and one of the most prominent and wealthy citizens of this city, was chloroformed and robbed yesterday afternoon at the Gayosa hotel by a man giving his name as John A. Morris, of New Orleans. Early yesterday morning a gentleman registering as "John A. Morris, New Orleans," was assigned a room at the Gayosa. About 2:30 in the afternoon a bell boy secured a bottle of camphor for him from the house drug store. Shortly after that he dispatched a note to Mr. Frayser, requesting him to call at the hotel at once on business of importance.

Mr. Frayser was at the hotel in a few minutes and was ushered into Mr. Morris' room. The latter introduced himself as John A. Morris, of the Louisiana Lottery company of New Orleans. He said the lottery company had been antagonized greatly of late in that state; that their investments had been unfavorable and lottery property generally was unsafe, and wished to consult him in regard to it. After giving him what information he could in regard to Memphis moneyed institutions, Mr. Frayser turned to go, but was greatly startled to find two revolvers, one in each of Morris' hands, staring him in the face. Morris said: "I am a desperate man; I have no money; my family in New Orleans are in desperate circumstances and I must have money. You must endorse a check for \$500."

After some parleying Mr. Frayser finally agreed to endorse a check for \$500. The check was then drawn on the Hibernian National bank of New Orleans and Mr. Frayser endorsed it "R. D. Frayser," hoping the cashier at his bank would suspect something wrong and refuse to cash it, as he always endorsed his checks "R. Dudley Frayser." A bell boy was called by Morris and the check sent to the Memphis City bank. Mr. Frayser being kept prisoner in the hotel. After the boy had gone Morris walked over to where Mr. Frayser was standing and, clapping a napkin over his face, threw him on the bed and that is the last of his adventure Mr. Frayser can recall.

Late yesterday evening Mr. White, proprietor of the hotel was notified that there was something wrong in Morris' room, and calling a clerk, the door of the room was broken open and Mr. Frayser was found unconscious, tossing and turning on the bed. The odor of chloroform in the room was overpowering. Morris was gone and Mr. Frayser's watch and about \$50, but the check lay on the table unpaid. The bell boy had taken it to the bank twice at Morris' request, payment, however, being each time refused. The police are searching all over the city for Morris.

FIGHTING FARMERS.

One Man Nearly Killed and Twenty Seriously Injured.

WILMINGTON, Del., Aug. 14.—In a free fight for several hours at Pennsville, N. J., yesterday, one man was nearly killed, twenty seriously injured and 200 received cuts and bruises. The south Jersey farmers were having their annual reunion, and 5,000 farmers, friends and relatives were present. Beer was plentiful and caused trouble. All went well until 1 o'clock, when a youth from Salem had a quarrel with a youth from Pennsville, and the crowd took up the fight, which raged until 4 o'clock. The farmers armed themselves with wagon whips and wore out the butts on each other.

A Salemite and Pennsvillian began a fight to a finish for a stake consisting of a gold watch and \$50. This started another riot. A New Castle man was chased two miles up the Delaware river shore, and it is feared he met with foul play. Two hundred people watched the fighting from house tops. No arrests are reported. Several hundred Philadelphians and a hundred persons from New Castle were among the spectators of the riot.

Destitution in Texas.

SAN ANTONIO, Tex., Aug. 14.—In all the lower Rio Grande section of the state there has been no rain to speak of in eighteen months, and the farmers have been unable to raise enough even for their actual wants. The ranchmen have also had a poor time of it and are all in debt. This has caused a great scarcity of money in that region which was plainly shown at Roma, on the Rio Grande, yesterday, when 278 sheep, capable of growing four pounds of wool annually, sold for three-eighths cents a pound.

Valuable Pickup.

ASBURY PARK, N. J., Aug. 14.—J. J. Gupton, of Albany, had his watch, diamond pin, diamond ring and a largesum of money stolen in a bath room of the Asbury Park bathing grounds yesterday. He put his valuables and money in an envelope, intending to leave them with the office, but instead had left them on a seat. He missed the articles soon, however, and within five minutes returned for them only to find that they had disappeared. There is no clew to the thief.

Lady Killed by Lightning.

PHILADELPHIA, Aug. 14.—Mrs. Catherine Coody, of Thirty-first and Race streets, was killed by lightning yesterday afternoon while closing a window in her house.

DISCOVERY DAY.

"Proclaim Liberty Throughout All the Land to All the Inhabitants Thereof."

NEW YORK, Aug. 14.—Discovery Day, Oct. 11, this year, falls on Sunday, and in recognition of this fact the Pan-Republic congress executive committee have called upon the ministers and teachers throughout the world to take as their text that day the words from Leviticus xxv, 10, that are cast in the everlasting bronze of the bell that rang out from the steeple of Independence Hall on July 4, 1776, the news that the Declaration of Independence of these United States of America had been adopted by the Continental congress:

"Proclaim liberty throughout all the land to all the inhabitants thereof."

They also request that the subject matter of their discourse shall be the discovery of America, what the result of this has been to the world and its promise for the future.

George Jones's Funeral.

NEW YORK, Aug. 14.—The funeral of George Jones, editor of the New York Times, will take place at 10 o'clock this morning from All Souls church at Sixty-sixth street and Madison avenue. All the employees of The Times will attend in a body. Rev. Dr. Heber Newton will conduct the services. Among the gentlemen who have signified their willingness to act as pallbearers are Thomas C. Acton, president of the Bank of New Amsterdam; George W. Childs, of the Philadelphia Ledger; Augustine Stone, one of Mr. Jones' oldest friends; David M. Stone, of The Journal of Commerce; Robert Bonner, of the New York Ledger; Henry A. Morgan, of Aurora, N. Y.; J. W. Thompson, of The Times editorial staff, and Commodore A. Van Saltwood.

Gone Into a Receiver's Hands.

BUTLER, Pa., Aug. 14.—The Standard plate glass works yesterday passed into the hands of D. E. Wheeler as receiver. This action is the result of an amicable arrangement between creditors and stockholders, caused by the failure of W. S. Schmertz, of Pittsburg, who was endorsed for \$250,000 as well as a stockholder for a large amount of stock. The business of the company is in a prosperous condition, and the failure of Mr. Schmertz will not affect the running of the works.

Murdered and Placed on the Track.

BUCHTEL, O., Aug. 14.—Robert Gilbert, about twenty-five years of age, was found dead on the track near the depot here. He was terribly cut and mashed. His home is at Brinshears, Drs. Hyde and Cable, of Nelsonville, and Dr. Pritchard, of this place, held the post-mortem, which developed the fact that there had been foul play. Gilbert had been shot through the head and then placed on the track. Several arrests will be made.

Bardsley's Private Memorandum.

PHILADELPHIA, Aug. 14.—Late yesterday City Treasurer Wright secured possession of John Bardsley's private memorandum book, for which he has been searching for nearly a month. A copy of the contents of the book will be taken before it is returned to the district attorney. Treasurer Wright has appointed ten Democratic magistrates to replace the ten appointed by John Bardsley to collect the delinquent mercantile taxes.

A Farmer's Flud.

SEYMOUR, Ind., Aug. 14.—While boring for water on his farm, two miles south of Crothersville, Thomas L. Davis struck a strong flow of petroleum of light weight and fine quality. Strong indications of natural gas were also found. Further explorations will be made at once, and, if encouraging, a company will be organized to develop the find.

Charged With Wife Murder.

MITCHELL, Ont., Aug. 14.—Daniel Wale was arrested yesterday charged with the murder of his wife, who was found dead in her house Tuesday morning with terrible wounds on her head and face. Wale was formerly a well known hotel keeper in Toronto, but has been drinking heavily of late. He has the reputation of being a wife beater.

Only Got Four Years.

NEW YORK, Aug. 14.—Charles Tatro, the Connecticut engineer, who on June 16 abducted sixteen-year-old Augusta Ursina and took her to New Haven, where he assaulted her in a lonely woods, was yesterday sentenced to four years' imprisonment, he having pleaded guilty.

Ben Butler Not Dead.

LOWELL, Mass., Aug. 14.—General B. F. Butler is at home working on his book with Private Secretary Major. His grandson, Butler Ames, and sons friends, have the general's yacht on a cruise and the general has not been with them since Monday.

Stabbed the Jailer and Suicided.

CAMDEN, N. J., Aug. 14.—William Spellman, in jail on a charge of obtaining money on false pretenses, stabbed Jailer Robinson last night and then committed suicide by cutting his throat. Robinson's injuries are not fatal.

Blair Can Go to Russia.

NEW YORK, Aug. 14.—A special to The Post from Washington says: It is said on good authority that ex-Senator Blair has a chance to go to Russia as United States minister if he is willing to risk the rigors of the climate.

Killed His Daughter and Himself.

GAYLORD, Mich., Aug. 14.—A. W. Wilcox, a well-to-do farmer, killed his nineteen-year-old granddaughter with an ax yesterday and then shot himself dead. It is supposed that Wilcox became suddenly insane.

Two Chinese Lepers in New York.

NEW YORK, Aug. 14.—The two Chinamen who were taken from the Mott street dives to the Charity hospital last Monday are after a careful examination by the doctors pronounced lepers.

EVENING BULLETIN.

DAILY, EXCEPT SUNDAY.
ROSSER & McCARTHY,
Proprietors.

FRIDAY, AUGUST 14, 1891.

It is real mean for the farmers not to allow the warehouse trust of Louisville to market all the tobacco grown in Kentucky.

PRESIDENT LINDLEY, in his address to the Farmers' Alliance of Illinois, said the organization dabbled too much in Third party politics. Politics will soon knock the life out of the Alliance. Lindley has a level head.

SENATOR-ELECT DAUM, of the Bracken-Pendleton-Grant district, failed to carry either of the three counties, but like the b. b. "he got there all the same." The district is strongly anti-Republican, but the Democrats fought each other and Daum slipped in by 132 plurality.

The Farmers' Alliance seems to be giving the Republican papers in Ohio lots of worry. The Ripley Bee devotes much of its space to show that the Third party ticket is a scheme in the interest of the Democrats. The Bee remembers Juggall's fate in Arkansas and it seems to fear a like fate will befall Sherman.

NIEDERHAUS, of St. Louis, has been talking a long while about his tin-plate factory, but he has just obtained permission from the Government to import some skilled workmen from Europe for the purpose of establishing the industry. They will get those tin-plate works started after awhile if they keep at it.

THE "National Capital Savings, Building and Loan Association," of Chicago, succeeded in victimizing its many shareholders out of about \$100,000, without giving anything in return. If you wish to invest in a building association, better patronize home institutions, especially when these home institutions are managed by such prudent and responsible persons as those who are at the head of Maysville's associations.

The report sent out yesterday that the importers of New York have contributed \$500,000 to aid in defeating McKinley in Ohio this fall can be put down as one of the rankest of campaign lies. It is like the one started a few days ago that the Republicans are unable to secure any funds to carry on the fight. Booodle will not cut much of a figure in Ohio this time, and that is one reason why we are inclined to believe Campbell will win.

It is very evident that the warehouse trust of Louisville is fixing to make another determined effort to crush out the growers' warehouse. The warehouse syndicate know a good thing when they see it, and they don't fancy the idea of an outsider stepping in and interfering with the monopoly they have so long enjoyed. They will likely resort to their old tactics, and try to prevent the manufacturers from buying from the growers' house.

It costs only \$15 to bring a car-load of horses from Lexington to Maysville but the railway company wants \$16 to pull a car-load from this city out to the fair grounds and back and it takes only a short time to do the work. Last year the charges were reasonable, and the railway people made about \$50 transferring horses from the depot to the grounds. If they persist in charging such exorbitant rates this year, it will likely prove a losing game with them as many horsemen will unload their animals at the depot.

CAMPBELL seems to be a favorite name with the Brown County Democrats. They were among the most enthusiastic supporters of Governor Campbell in his fight for the nomination in the present fight, and now they have selected Hon. Robert E. Campbell, of Georgetown, as their candidate for a high judicial honor. From what we know and have heard, they have chosen well in both instances. Let them now go to work and do their level best for the entire ticket. They ought to roll up not less than 1,500 majority against McKinley and McKinleyism.

Easily Comforted.

The Cincinnati Commercial-Gazette offers the comforting assurance that the Republicans of Kentucky are not losing ground. From due lamentation they have been in the happy position of having none to lose.—Minneapolis Tribune.

Doesn't this afford good ground for comfort? What more would you ask?—Commercial-Gazette.

Kentucky Inventions.

"During the fiscal year of 1890-91," said an official of the patent office, "there have been issued to Kentucky inventors 207 patents, and the inventions have all been of a high order. Kentucky has made great progress in the field of inventions within the last half dozen years, and her record is one that any State may be proud of. In our annual report Kentucky will be found among the States noted for inventions."

Here and There.

Miss Kate Niland returned last evening from Cincinnati.

Miss Amy Biltz, of Newport, is in town on a visit to friends and relatives.

Miss Cadet, of Lexington, is the guest of Mr. Dennis Fitzgerald and family.

Miss May Dobyns, of Warsaw, Ky., is a guest of Circuit Clerk Parry and family.

Miss Mollie O'Connell, of Ripley, is visiting Miss Maggie Winters of West Third street.

Miss Mayme Hannibal, of Lexington, arrived last evening to spend several days with Mrs. T. J. Curley.

Mr. and Mrs. William H. Cox and children, who have been in the East several weeks, were at Washington City Wednesday.

Mrs. M. J. Barbee and granddaughters, Mary Lisle and Lizzie Barbour Alderson, of Washington C. H., Ohio, are visiting Mr. and Mrs. James Smith.

Mrs. James Smith, of West Second street, and granddaughter, Mamie Leyland Pecor, left for Chicago yesterday, accompanied by Miss Lollie Thomas.

Misses Mary and Fannie Carriek, of Scott County, and Miss Maryetta Hawkins, of Bourbon, are to be the guests of Miss Anna Frazee during the fair next week.

Miss Mary Hulett, Miss Minta Smoot, Miss Mattie Davis and Mr. and Mrs. Holt Richeson arrived home last evening from their trip to Washington City, Richmond and Old Point Comfort.

Railway News.

The aggregate gross earnings of the roads of this country last year were \$1,097,847,428.

The shipments of flour, grain and provisions from Chicago to the seaboard by the roads in the Central Traffic Association last week aggregated 20,377 tons, against 19,207 for the preceding week. The Vanderbilt lines carried 48 per cent. of the traffic, the Pennsylvania lines 24 per cent., the Chicago and Grand Trunk 19 per cent., the Baltimore and Ohio 9 per cent.

Advance sheets of Poor's Manual, now in press, show that the total length of track in the United States on December 31, 1890, was 166,817 miles, a net increase for the year of 5,498 miles. The total amount of capital invested in our railways, measured by the amounts of their share capital, funded and unfunded debts, had on December 31, 1890, reached the enormous aggregate of \$10,122,635,900, as compared with \$9,680,942,240 at the end of the calendar year 1889.

River News.

The Bonanza has relieved the Big Sandy, and the St. Lawrence the New South, in the Pomeroy trade.

The Henry M. Stanley passed down last night. She has entered the Cincinnati and Gallipolis trade during the low water.

Due up: Carrollton for Portsmouth at 9 p. m.; St. Lawrence for Pomeroy and Stanley for Gallipolis at midnight. Down: Congo and Hudson this evening at 5 o'clock and Bonanza to-night.

The Hudson was only able to reach Wheeling on her last trip up river, while the Andes was enabled to go to Pittsburg, the raising of Davis Island dam being delayed long enough to permit it.

For the Farmer.

W. B. Kidd has lately shipped 1,000 cattle from Winchester to the East for export to England. Their average weight was about 1,525 pounds, and the average price a little less than 5 cents per pound. The shipment will bring nearly \$75,000 to the farmers of that section.

A farmer in Carlisle County, Ky., says that he has a remedy for hog cholera that never fails to cure. Put a teaspoonful of logwood and a teaspoonful of blue stone in a bucket of slop, and let the hogs drink it, and a cure invariably follows.

The Conway Tragedy.

A special from Paris says that William Conway, who figured in the terrible tragedy a few weeks ago and whose life was despaired of, is now in a fair way to recovery. His brother Charles, who was also out severely seven times on various parts of the body, will recover. There is strong talk among the neighbors of the Conway family of instituting suit against the Jailer of Harrison County for damages, alleging criminal negligence in permitting Craig, the murderer, to escape.

Bierbower & Co. are sole agents for the celebrated John Van ranges. They also keep on hand a full stock of stoves, grates, mantles, tinware and stoneware, which they offer at wholesale and retail.

Confirmed.

The favorable impression produced on the first appearance of the agreeable liquid fruit remedy Syrup of Figs a few years ago has been more than confirmed by the pleasant experience of all who have used it, and the success of the proprietors and manufacturers of the California Fig Syrup Company.

PARKS HILL.

An Eloquent Sermon by Dr. Henderson—Late Arrivals at the Camp.

Correspondence of BULLETIN.

PARKS HILL, August 12.

Rev. Dr. H. A. M. Henderson, of Trinity Church, Cincinnati, Parks Hill's favorite orator, returned to the encampment last night, and was greeted by a large and ardent audience. Some appropriate selections from "Excell's Triumphal Songs" were sung, and the Doctor modestly entered upon the elucidation of his theme, "The Fall and Restoration of Peter." For biblical power, classic imagery, thrilling eloquence and absorbing interest, it has rarely been eclipsed on this sacred mount, famous for the number and brilliancy of its pulpits. In the grand climax, which melted his hearers to tears, he said: "Baptized with the Holy Ghost the weak man (Peter) was made a great apostle and testified his fealty by sacrifice and martyrdom. The grandest cathedral of earth monuments his memory. Our sufficiency is of God. The weakest can do all things through the strengthening grace of Christ. Peter was first crushed before the fragrance of his piety and perseverance were exhaled."

"The Doctor is little but loud," said one of his Bourbon friends. He is of medium height, weighs perhaps 120 pounds, is on the sunny side of fifty, has black hair, slight black mustache and flashing black eyes when under the inspiration of his theme. He resembles an Episcopal minister in his black broadcloth suit, his closely-buttoned Prince Albert coat, revealing a white kerchief between the buttons. He wears a straw sailor hat and is sociable and very accessible.

Arrivals to-day—F. P. Robertson and wife, Titon; Mrs. R. J. E. Shields, Hillsboro; F. E. Baird, Lexington; Ministers—Rev. Dr. Scudder, Carlisle; Revs. Young and Lancaster, Thad. S. Tinsley and S. R. Hawkins, Lexington; J. N. Current, Warsaw.

The handsome widows are here in force, and the widowers are on the alert. Mrs. Waugh, of Flemingsburg; Mrs. Ollie Rees, Fern Leaf; Mrs. A. R. Dallas, Capneton, Ind.; and Mrs. Laura Thomas, Carlisle, are among those present. On the evening train we met Mrs. Charles Hanson, of Lexington, and Mrs. F. A. Hays, Millersburg. H. M. Warder, wife and daughter, with friends, came in on the morning train from Helena. Mrs. Warder expressed much pleasure on hearing Dr. Henderson. Mrs. Jane Ball and Mrs. M. A. Browning, of Shannon, and Dr. C. P. Browning, are camping here, among the late arrivals.

The camp is now well equipped in every department by competent men. Ice cream, Martin Bros., of Maysville; ice water, John Norvell; looth, Geo. Secrest; commissary, Jas. Laughlin; Secretary, T. J. Glenn; Assistant Secretaries, J. E. Parks and J. B. Ross; check room, Foster C. Parks; hotel, Colonel R. M. Parks and son; gatekeepers, James Seely and John Bowen, and the postoffice is charge of E. O. Dorsey.

Mrs. Winn Wells, of Helena; Miss Jennie Souley, of Elizaville; Miss Myra Myall, of Mayslick, with Miss Woolums, of Muir, are among the latest arrivals.

Safety in Fear of Disease.

Dr. R. G. Eccles, in the Popular Science Monthly, says no one fails to send for a physician in typhus, yet only six persons in a million die of this disease since efforts were made to suppress it.

Four hundred and twenty-eight in a million die of whooping-cough because it seldom frightens patients, and neighborly old ladies of both sexes give advice.

Only three hundred and forty-one in a million die of measles because it so frightens us to induce the friends to send for a doctor.

Only two hundred and twenty-two in a million die of scarlet fever, because medical advice is sought sooner and more implicitly obeyed.

Only one hundred and sixty-eight in a million die of diphtheria, because it frightens more than most other diseases, and induces people to send for a doctor quickly.

Thus we may class diseases as more or less fatal, as people are afraid of them and seek proper advice to both prevent and cure.

A Singular Case.

A young man named Duffy of the West End has been ill several weeks with typhoid fever. He was in a critical condition for some time, but the fever has subsided and he is now improving. A singular feature of the case, however, is that he has lost the power of speech. He seems to be perfectly conscious and answers questions by a nod or shake of the head, but he can't talk. At times he succeeds, by extra effort in speaking in a whisper. His physician, Dr. Strode, has never come across a similar case in his many years' practice. He thinks the loss of speech is only temporary, however, and that the young man will soon be all right again.

At Manchester, the large tobacco warehouse belonging to the Brooks-Waterfield Company, of Cincinnati, was destroyed by fire. It contained about 75,000 pounds of tobacco, the greater part of which was owned by Dan Scott, formerly of this county, and the rest by Case & McCormick. The property was fully insured. The building was worth \$8,000, and was also insured. How the fire originated is a mystery, as no one had been in the building for two days.

On the morning of the late election, 'Squire Wm. Huffman, Democratic nominee for Representative in Bracken County, drove into Brooksville in a covered wagon which was plastered all over with such inscriptions as "Vote Against the New Constitution," "The Old Constitution is Good Enough for Huffman," &c. When the polls closed that evening the returns showed he had been retired to the walks of private life. It is said his break against the new Constitution lost him many Democratic votes.

Smiles Better Than Scepters.

It was just at the beginning of the busy hour in the evening and the car was crowded. People were packed like herrings inside and on the platform there was the usual crush and struggle for four square inches of space. It was just at the beginning of a rain and the gripman had no waterproof along. It seemed that at every second door some one had to get on. The car was constantly stopping. It was filled to the last limit long ago, but still people were waving their arms from the pavement and clambering up and in some way. Nobody knows how many persons can get into a Chicago street car. At one corner three women with babies in their arms stopped the car and got in.

The gripman swore a little at them. At the next a man looked at the clouds, signaled the gripman and got in out of the wet. The rain began to come down a little more decisively. The gripman started up and threw the lever far forward. He wanted to shoot straight to the stables without stopping. There was another man. The car had not run forty feet.

The gripman swore very roundly as he loosed the lever and pulled back on the brake.

Then he started, bent the talons of the grip about the cable and plunged ahead again. There was another woman. The car had run just half a block. The passengers looked up as they saw the waving arms of the water. They expected to hear a very volley of oaths at this second stop. The gripman's face was a study. First it was black as night. Then he looked closely at the woman. He hated her and wanted to blast her with a frown. Then his brow softened. A twinkle came into his eyes. His lips parted and his great wooden face broke into a kindly laugh.

What had she done? Who was she? Did he know her? Nothing—nothing at all. He knew nothing about her. She was only a handsome girl, and she laughed a caress right into his lips as he frowned at her. Smiles are better than scepters any day.—Chicago Herald.

The Best Remedy for Cholera Morbus.

(From the Des Moines (Iowa) Leader.)

Some weeks ago a Leader man went into a drug store and asked: "What is the best remedy for cholera morbus?" He was told: "Chamberlain's Colic, Cholera and Diarrhoea Remedy." The medicine was purchased, and worked like a charm. It proved to be very effective, and since we found by experience in our own household that this particular remedy was of real value, we have not hesitated to speak of its merits as occasion offered. For sale by Power & Reynolds.

Cincinnati Tobacco Market.

(Wednesday.)

With offerings that are comparatively light for Wednesday there was a slight improvement, but not enough for any quotable change in prices, bidding being irregular, and there is still an easy market. For the small supply of good and the real there was a steady demand at prices prevailing for the past ten days. Colory trash and lugs were in good demand. Medium leaf is unchanged, continuing easy. A fairly good demand is shown for common and low grades and prices held steady.
Of the 608 bbls., 121 sold from \$1 to \$3.35, 129 from \$1 to \$3.35, 173 from \$6 to \$7.35, 77 from \$8 to \$9.35, 19 from \$10 to \$14.75, 51 from \$15 to \$19.25, and 19 from \$20 to \$24.

You'll never be shod in "skined" material if you deal with Miner. They have been selling good shoes a long time in Maysville, and have a reputation second to none for fair dealing.

A MR. CAIN has been Clerk of the Jefferson Circuit Court for twenty years, and most of that time it is said the office netted him an annual income of \$20,000. He is a candidate for re-election.

THE new Constitution majority was underestimated, but that sixty thousand pounds of barb and plain fence wire was not overestimated. Frank Owens Hardware Company can furnish any quantity of it.

A few of the young folks surprised Mr. and Mrs. L. Grinnan, Monday night, in honor of Miss Alice Wheeler, of Maysville. Quite a nice time was had dancing and at a late hour supper was served.—Paris Kentuckian.

THE painters and white-washers are at work putting the finishing touches to the buildings, fences, &c., at the fair grounds, and Director Thomas A. Keith is superintending the construction of some drives and walks.

SOME turfmen who were in town this week pronounce the Maysville track and the new grand stand one of the finest they have seen anywhere. They say the view of the track from the grand stand could not be much better.

THE ladies of the Christian Church will serve ices and cake on Friday evening from seven until ten in the room adjoining A. J. McDougle & Son's dry goods store on Sutton street. Cream and cake 15 cents. Music will be one of the attractions.

REFRESHMENTS—Every day during the fair the young ladies of the M. E. Church, South, will serve ices and cake from 4 to 10 p. m. in the lower room of the opera house building. Proceeds for the benefit of the new church. All are invited. 12d5t

REV. B. W. MEDANE arrived home this morning, after spending several weeks in Virginia and North Carolina. He will preach at the Central Presbyterian Church Sunday at usual hours. His family will not be at home for a couple of weeks yet.

AN orchestra will furnish music in the floral hall every day during the fair. This is an additional attraction that will be appreciated by the visitors, especially by lovers of music. Haucke's Reed and Brass Band—the favorites—will furnish music in the grand stand each day.

THE tobacco reports coming in from the country vary considerably, some portions claiming a short crop but others a very large yield. Frank Owens Hardware Company are manufacturing the celebrated Armstrong tobacco knives, and can furnish any number of them to the wholesale trade.

NO BETTING and no smoking will be allowed on the grand stand during the fair next week, and the peanut sellers, and vendors of lemonade and candies also will not be permitted in the grand stand. The booths are very convenient, and the betting will have to be done, if done at all, in the pool shed. This shed is an addition that has just been completed.

FINN, the Farmers' Alliance nominee for Representative in Bracken, carried the county by forty-nine majority. This is official.

THE wise merchant is the one who advertises when trade is dull. If he offers bargains he will catch what little trade there is, and when trade liven up he is the one who will reap the harvest.

JOHN HALLY's store at Milford, Bracken County, was burglarized a few nights since, the thieves securing several hundred dollars by blowing open the safe. A horse and buggy were also stolen from John Coleman the same night.

WITH Crit Davis hold of the lines, Andy Cutter seems to be a sure-winner every time. He won at Danville last week and at Nicholasville this week. Best time at the latter place, 2:28. This was made with ease. This promising trotter is entered for the Central Hotel stake—\$1,000—next Friday.

MR. J. J. FITZGERALD finished Wednesday a big contract for plumbing at the Blue Ribbon fair grounds. Water mains have been put down from the well and large tank to the stables and also to the grand stand. About 3,000 feet of pipe was required. A steam engine keeps the tank full at all times.

MISS MANIE C. SPEARS, the future teacher of music in Hayswood, is making a brief visit to the institution preparatory to entering on her work in September. Any person desiring to become acquainted with her and her methods of teaching are cordially invited to call upon her at the Seminary between this date and next Monday evening.

CLARK COUNTY Democrats are engaged in a hot primary contest to choose candidates for Sheriff and Circuit Clerk. There are two contestants for each office, one being a member of the Farmers' Alliance and the other not, and this fact adds bitterness to the struggle. To avert the corruption incident to such elections the County Committee adopted the plan, which had worked well elsewhere, of having a committee in each precinct to wait upon each voter at his home and let him cast his ballot in a sealed box.

THE contractors, Erion Bros., commenced work three months ago on the improvements at the fair grounds. They discharged most of their employees last evening, the new grand stand and the art hall having been completed, with the exception of a few odds and ends here and there, and these will all be attended to by Monday evening. The members of the association are greatly pleased with the Messrs. Erion's work. There has been no hitch or higgling from the start, the work having been put through to the entire satisfaction of all concerned.

MINER'S MAXIMS!

Knowledge Comes, But Wisdom Lingers;
Children Often Burn Their Fingers.

One scorching does not keep all children away from the fire; even the sharp lesson of a bitter experience is apt to be forgotten. You have bought more Shoes than you can remember; they go into oblivion when you take them off.

Perhaps you have had unfortunate experience with them in the past, but there is a very simple way of avoiding anything of the kind in the future.

Don't make a study of Shoes; it won't pay you. If you let somebody else do it for you, it will not only save you time, but money. You do your part when you buy and wear them; we do ours when we sell you what is not only worth buying, worth wearing, but worth all you pay for them.

We understand them from first to last, and as to the "last" no joke is intended. You can have no better protection than our judgement will afford you. Take it when you take our Shoes, and we'll answer for the consequences. You'll never be shod in "skined" material, and you'll get at least your money's worth every time.

INDIANA BANKERS.

They Will Resist the Enforcement of the Tax Law.

A STATE MEETING CALLED.

They Claim That Depositors Will Be Driven from the State and a Financial Crisis Will Follow—The Courts Will Be Called on to Decide the Constitutionality of the Recently Enacted Law.

INDIANAPOLIS, Aug. 14.—It developed yesterday that the bankers of the state have determined to hold a meeting in this city for the purpose of offering organized opposition to the law requiring them to submit to the state board of tax commissioners the names of depositors and the several amounts that the same had on deposit at the beginning of the assessment year.

This step has been taken after a hurried correspondence with bankers in all sections of the state and there is now no question but the banks will refuse to submit statements and will seek to carry the question into court. They claim that the enforcement of the law in this regard will drive depositors from the state and that this will result in financial disturbances by compelling the banks to call in all their loans. On the other hand, the board contends that this is a virtual acknowledgment that depositors have concealed their money from taxation and that the bankers know this to be the case and are in that for parties to the fraud, which has been so univernally practiced by depositors.

It is estimated that an average of \$100,000 to each county or nearly \$9,000,000 have annually escaped taxation in this state, by reason of depositors concealing the true amount of money which they have in bank. The attorney general will act promptly in the matter, and will order fines upon all bankers refusing to submit the statement.

SAVED FROM DEATH.

A Retired Merchant's Son Takes an Overdose of Morphine.

ASBURY PARK, N. J., Aug. 14.—Henry Hahn, son of Charles Hahn, a retired merchant residing on North Seventh street, Philadelphia, narrowly escaped death last night from an overdose of morphine. He was found unconscious in a library park on Asbury avenue, and an officer started to take him to the lock-up in a wagon.

The jogging of the wagon revived him and he requested the officer not to take him to jail, but to the Hotel Asbury, where he had friends. On the way to the hotel the officer found a small vial. After taking Hahn to the hotel it was discovered that the vial contained morphine. Physicians were immediately summoned and Hahn was taken from bed, and after three hours hard work saved from death. But for this fortunate discovery Hahn would have died.

Farmers Robbed of Their Wheat.

GREENCASTLE, Aug. 14.—There is considerable excitement among the farmers of north Putnam over the discovery of a method by which many of them were worsted in the weight of their own wheat. There was a general complaint among them of the yield not holding out and this led to a discovery of the cause. Moses Payne, a buyer at Roachdale, employed a weigher at Carpentersville, when the discovery was made that the weights had been tampered with. The openings were found to have been filled with lead, causing a loss to the seller of two or three pounds on every bushel. One of the farmers sought redress at law, and the arbitrator allowed him about \$25 for his shortage. Other suits are expected to follow.

Will Sue the Standard Oil Company.

COLUMBUS, O., Aug. 14.—The state canal commission and the state board of public works, at a joint session held here yesterday, ordered a suit brought against the Standard Oil company to recover damages for oil used by that company out of wells sunk on state property. The company, according to the estimates of those who have been investigating the matter, has eighteen oil wells sunk on state property. From some of these the company has been taking oil for more than a year and some of the officials think the state should recover at least \$200,000.

A Rich Strike.

LEADVILLE, Col., Aug. 14.—The richest strike that has been made in this mining district for years has just been made in the Bohm shaft, located within one block of Harris avenue. Leadville's main thoroughfare. Last week it was determined to sink this shaft and diamond drills were brought into use and went down 312 feet and struck a thick vein of extremely high grade silver ore, which assays from 200 to 300 ounces of silver to the ton.

After the "Whaleback Steamers."

CLEVELAND, Aug. 14.—A prominent ship building firm at Stockton-on-Tees, has written Joseph R. Oldham, of this city, for a full description of the "whaleback steamers" and barges which have attracted so much attention of late. The questions are evidently not prompted by curiosity, but rather suggest that they expect some use of the points embodied in the "whaleback" type of vessel.

Child Smothered to Death.

GREENFIELD, Ind., Aug. 14.—An infant of William Shepherd, residing about eleven miles northwest of the city, was accidentally smothered by a feather bed being thrown over the child while asleep.

Factory Destroyed by Fire.

DETROIT, Aug. 14.—The factory of the Henry C. Hart Manufacturing company was destroyed by fire yesterday evening. Loss estimated at \$120,000; insurance, \$75,000. Three hundred men are thrown out of employment by the fire.

Forest Fires Extinguished.

PARIS, Aug. 14.—The forest fires in the neighborhood of Toulon have been extinguished. The total damage is not known but is certainly immense.

FALLING STARS AT SEA.

The Pathan's Passengers Favored with a Glorious Spectacle.

NEW YORK, Aug. 14.—The steamship Pathan, Captain Joy, of the Mogul line, arrived here Wednesday, having on board 983 tons of tea, the first of this season's crop to arrive here. The Pathan left Kobe, Japan, on May 27, and after loading at Hang Kow and Shanghai, started for this port. In the Indian ocean she experienced heavy southwest monsoons, and nightly since July 26 has seen large showers of meteorites, or falling stars. These were particularly beautiful on Aug. 8 and 9 when the stars seemed to fall in showers. Some of the meteors looked larger than Jupiter and lighted the ship up as if she was under a search light. These large meteors left a long trail behind them which lasted for some seconds. The showers seemed to come from the direction of the constellation Ursa Major, or the Great Bear. On Aug. 1, while in the Atlantic, the vessel ran into an electric storm and the St. Elmo's light played all over the shrouds, masts and vessel.

Base Ball Rumors.

ST. LOUIS, Aug. 14.—President Von Der Ahe returned from Louisville yesterday and says the Louisville club will not sell out to Milwaukee or any other city. He stated further that the League people want a compromise, and John T. Brush, who was here the other day, was to try to effect one with the Association. He reiterated the Association's stand on the subject, and told Brush that the only agreement the Association would make with the League was for an interchange of games in the fall and respecting each others' contracts. Mr. Von Der Ahe claims the interview came to naught as Brush wanted the Association to vacate Cincinnati, but, nevertheless, it is believed here that there will be a compromise and that before long.

Chicago Failure.

CHICAGO, Aug. 14.—Joseph Brothers & Company, dry goods dealers, failed yesterday. The liabilities are estimated at \$60,000, and from present appearances the assets will equal that amount. The firm was deeply interested in the National Forge company, whose collapse occurred a few days ago. The failure is laid at the doors of that concern.

Three Sailors Drowned.

SCITUATE, Mass., Aug. 14.—The three sons of Louis T. Cushing, of Cohasset, were out sailing yesterday during the heavy thunder storm and wind squall which sprang up so suddenly. Nothing has been heard from them since they left, and it is feared their boat was capsized and that they were all drowned.

Last Sad Rites.

CHICAGO, Aug. 14.—The funeral of the late Herman Rastars took place at 10 o'clock yesterday. The services consisted of musical selections from the great masters and addresses by General J. N. Stiles and William Vocke. William Rapp, a life-long friend and the present editor-in-chief of The Staats Zeitung, delivered an address in German at the grave.

Louisville Will Go to Milwaukee.

MILWAUKEE, Aug. 14.—Notwithstanding the protestations of the Milwaukee base ball club officials, it is understood here that President Gillette is in Louisville and that negotiations for the transfer of the Louisville franchise to Milwaukee have practically been consummated.

Paid His Fine.

MADISON, Wis., Aug. 14.—A. E. Neubauer, convicted in Milwaukee of mailing lottery tickets, has paid his fine of \$3,000 in the eastern Wisconsin district federal court, and has been released. All other cases against Neubauer have been dismissed.

Killed on the Track.

NEW RICHMOND, Ky., Aug. 14.—Michael Reynolds, a young farmer, who lived at Ten Mile, Ky., while walking beside the tracks was struck by a train on the Chesapeake and Ohio railroad one-half mile west of Oneonta, and was instantly killed.
